ELITE TEACHING EDITION - REVIEWED FOR WEBSITE USE

Contents

Unit 1 • Expertise • Unit 1 • Chapter OL-T54 • Expertise Q16+ • 4 items • 8 marks

Chapter	Items	Marks	Starts
01. OL-T54 Histograms	4	8	4

June 2026 is intentionally deferred; November 2025 remains provisional QP-only in this private candidate.

Histograms

Unit 1 • Expertise • 8 marks • 4 item(s)

June 2022 | 4MA1-1H Q21 | 3 marks

Estimate a partial-class frequency

June 2021 | 4MA1-1H Q18 | 2 marks

Complete a table from a partial histogram

June 2021 | 4MA1-1H Q18 | 1 marks

Complete missing histogram bars from mixed information

June 2021 | 4MA1-1H Q18 | 2 marks

Estimate a histogram proportion, fraction or percentage

Original question context and synchronized companion pages follow.

Terminal-demand ownership is preserved; prerequisite links remain in the internal ledger.

4MA1-1H Q21 Q21

3 marks

- 21 The histogram shows information about the total time, m minutes, taken by each child in a school to walk to school every day for one week.

There are no children for whom $m > 100$

There are 10 children for whom $m \leq 20$

Work out an estimate for the number of children for whom $50 < m \leq 80$

- 18 The table and histogram give information about the distance travelled, in order to get to work, by each person working in a large store.

Distance (d km)	Frequency
$0 \leq d < 10$	40
$10 \leq d < 15$	
$15 \leq d < 20$	
$20 \leq d < 30$	
$30 \leq d < 60$	30

Using the information in the table and in the histogram,

- (a) complete the table,

(2)

- (b) complete the histogram.

(1)

One of the people working in the store is chosen at random.

- (c) Work out an estimate for the probability that the distance travelled by this person, in order to get to work, was greater than 25 km.

(2)

YOUR WORKING

- 18 The table and histogram give information about the distance travelled, in order to get to work, by each person working in a large store.

Distance (d km)	Frequency
