1 Q | 4 marks

She can buy the oil from either Dane Oil or Arctic Oil.

Here is information about the price that each company will charge Astrid.

| Dane Oil                                             | Arctic Oil                                           |
|------------------------------------------------------|------------------------------------------------------|
| $(4.2 \times 10^5)$ litres<br>for<br>2 500 000 Krone | $(8.6 \times 10^5)$ litres<br>for<br>770 000 Dollars |

Astrid wants to get the better value for money for the oil.

1 Dollar = 6.57 Krone

From which company should she buy her oil, Dane Oil or Arctic Oil?

You must show your working.
