Bearings Scale Drawing Constructions

F01	Straightedge-and-compass construction	5 Q 10 marks
F02	Bearing geometry with trigonometry	3 Q 16 marks
F03	Scale drawing and map location	2 Q 4 marks
F04	Direct bearing language	1 Q 2 marks

- 4 Using ruler and compasses only, construct the perpendicular bisector of the line AB . Show all your construction lines.

(Total for Question 4 is 2 marks)

Question 14

4MA1-1H Q18 demand

MODULAR UNIT 2

5 marks

18 The diagram shows the positions of three villages, A , B and C

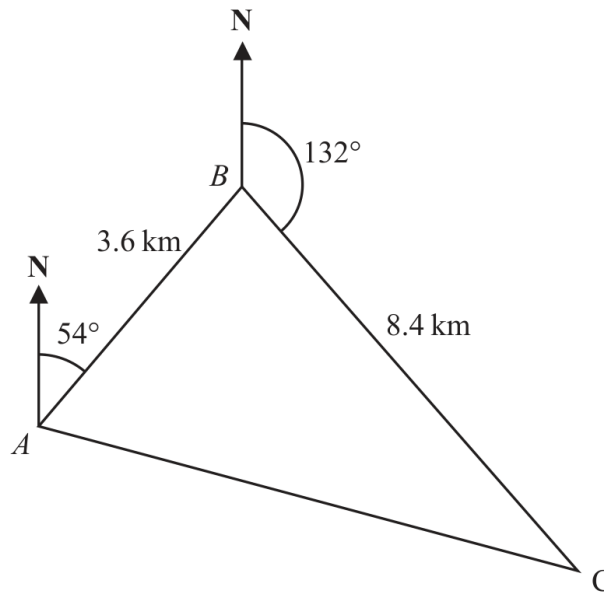

Diagram **NOT**
accurately drawn

The bearing of B from A is 054°

The bearing of C from B is 132°

Melur walks from A to B

She then walks from B to C and from C to A

Melur walks at an average speed of 6 km/h

Work out the total time Melur takes.

Give your answer in hours and minutes.

..... hours minutes

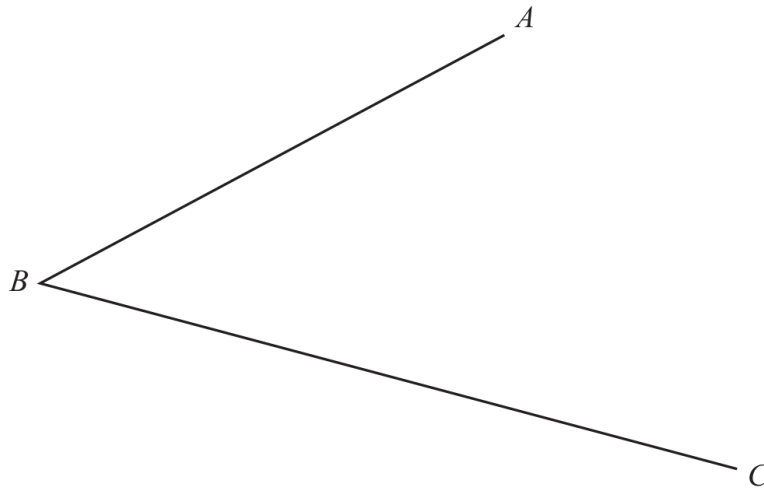

Question 03

4MA1-1H Q2 M01

MODULAR UNIT 2

2 marks

- 2 Use ruler and compasses only to construct the bisector of angle ABC .
You must show all your construction lines.

Question 35

4MA1-2H Q24 M01

MODULAR UNIT 2

6 marks

24 A , B and C are three points on horizontal ground.

$AB = 8.4$ metres $BC = 9.2$ metres

B is on a bearing of 067° from A

C is on a bearing of 129° from B

Calculate the bearing of A from C

Give your answer correct to the nearest degree.

4MA1-2H Q24 M01

6 marks

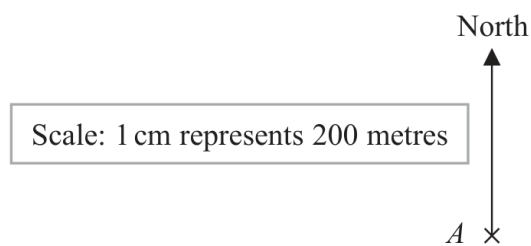

Question 18

4MA1-2H Q5 Q5(a)

MODULAR UNIT 2

3 marks

- 5 The scale diagram shows the position on a map of a house, *A*

House *C* is on a bearing of 110° from *A*

The distance from *A* to *C* is 700 m

- (a) Mark the position of *C* on the diagram with a cross (×)
Label your cross *C*

Question 19

4MA1-2H Q5 Q5(b)

MODULAR UNIT 2

1 marks

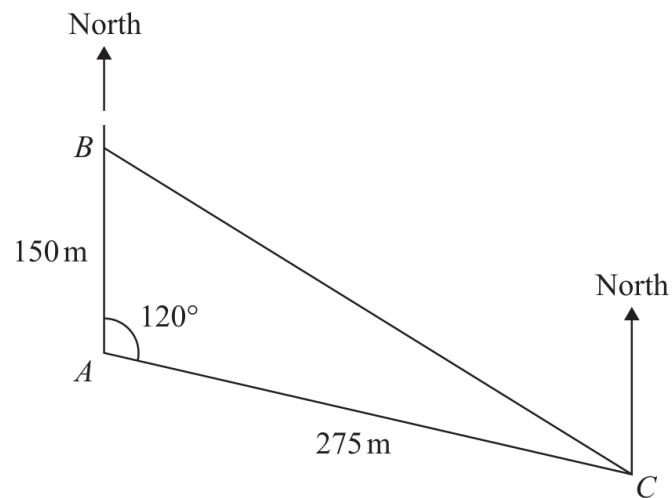

(b) Write the scale of the map in the form $1 : n$

1 :
(1)

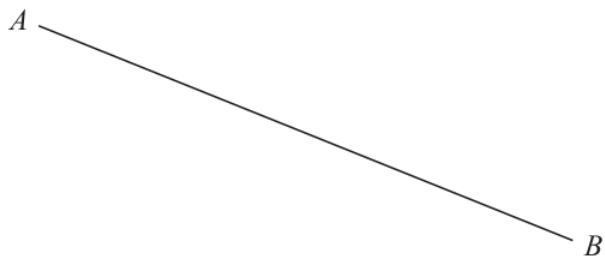

A diagram showing an angle. The vertex is labeled A . Two rays originate from A : one ray extends upwards and to the right, labeled B at its end; the other ray extends downwards and to the right, labeled C at its end.

Diagram **NOT**
accurately drawn

Give your answer correct to the nearest degree.

- 3 Use ruler and compasses only to construct the perpendicular bisector of line AB
You must show all your construction lines.

(Total for Question 3 is 2 marks)
